Prez Sez

Hello Saints members,

[By Laws Change Vote Status](#)

So far I have 21 votes out of 62 voting members. Any measure can be voted down by a 25% no vote. So far the results are:

1. Eliminating lifetime membership – 8% no (16 yes, 5 no)
2. Dues change to \$125 per year – 9.7% no (15 yes, 6 no)
3. Senior non-flying membership – 8% no (16 yes, 5 no)

If the trend continues all three proposals will pass. You can still vote up until the night of the September meeting. So if you have not voted, please do so quickly by sending me an email to the4jenk@swbell.net.

Club Needs a Webmaster

Bob Buss can no longer take care of the Saints website. Dan Dierking was going to take it over, but he has just lost his job and cannot do it. Therefore, if anyone would like to help out the club and take over the web site, please give me a call or respond by email. This should only take a little time each month and it would be a great service to the club.

Officers For Next Year

We will be nominating the club officers for next year at the October meeting. We will need a new president and treasurer as Don and I will not be running again. Please consider if you would be willing to server in either of these roles.

Field Condition

Rich Gwyn has volunteered to help on the field committee for the remainder of the year. He will be working with the current field committee.

Club Officers for 2010

President - Richard Jenkins
Vice President - Dick Magee
Treasurer – Don Pallett
Secretary – Bill McMenamy

Thanks
-Richard

Show and Tell. Rich Jenkins brought in a SBach 342 ARF made by Pilot-RC.

Airframe:

- 26% scale model of an aircraft that currently competes in the Red Bull air races.

- 73" wingspan designed for 30CC gas engine -Carbon fiber landing gear and wing tube -Flying weight is about 12 lbs -It is highly aerobatic with 3D throws on all surfaces.

- It does a nice knife-edge loop.

- Purchased from Chief Aircraft

The engine is an MT35 gas 35CC made by MTEngineUSA. It only weighs 38 ounces with muffler. Rich purchased the engine while at Toledo this year. Ohio R/C products recommends this engine for their models because it is light and powerful.
