Prez Sez

I don't know if you've had a chance to go to our website or not, but if you haven't, your missing out. It's really neat and John Bouchillon has a lot of kudos coming to him. Every one of our club members can be on it, just get some pictures to John and a little description of the pictures and you too can be a part of the history of our club.

Probably, by the time you read this, several of us will have gone to Toledo. Yes, another trip to Toyland. This will be my 39th trip and I look forward to another 39 or so. Some of us also take one day at Dayton (Air Force Museum). My gosh, I don't know how many times I've gone to Dayton, but I do know, I'll never see it all. What a trip. If you've never gone, you just have to go one time, you won't be sorry, if you love planes the way I do.

In talking to Bob Ponte one of our congressman wrote him and said this new FAA rules they were talking about that may have effected the flying of our airplanes won't effect us now. Let's keep our fingers crossed; you know how our Government can screw things up.

Don't miss the next meeting; I think I'm finally getting the hang of running the meeting. Bring a plane that you just finished for Show and Tell. We'll try to have a report on our Toledo Trip.

By the way, we got a report from Jerry (The Landlord) that it's not very likely that our field will flood this year. Keep your fingers crossed.

See you at the next meeting (4/14/11), and lot's of good landings.
Paul (The R/C Nut)
