Prez Sez

I don't know if you heard but the next meeting (5/12/11) will be held out at the flying field. In fact, we will be meeting at the field all this Summer, thru and including September. In case it would be raining, we do have a pavilion at the field and should be able to keep dry.

Speaking of rain, we sure are getting our share of it. Be careful if you come out to fly. First, check out the field before you drive on it. We don't want to make a bunch of ruts. Right now, our field really looks great, thanks to Rick and Pierre.

Seven of us made it to Toledo and like always it was great. If you have never gone at least once, you're really missing a great trip. You need to put this on your bucket list.

At the next meeting be sure to bring something to fly. Let's keep our fingers crossed and hope the field doesn't flood.

See you at the next meeting (5/12/11), and lots of good landings.

Paul (The R/C Nut)

Meeting Schedule

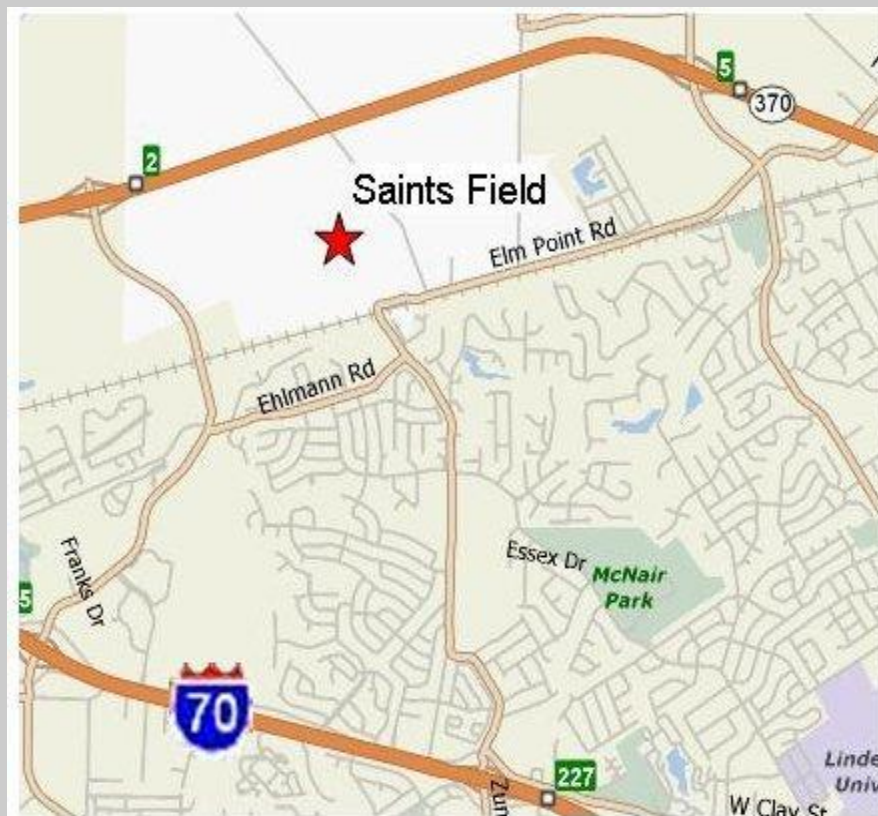

Meeting Dates Remaining in 2011:

May 12, Jun 9, Jul 14, Aug 11, Sep 8, Oct 13, Nov 10, Dec 8

Field Committee report,

Field in great shape. A big thank you goes to Mark Gunn's neighbor for use of his trailer to move tractor to field. Thank you goes to Rich Gwyn for storing the tractor over the winter and for doing many of the repairs and maintenance on the tractor.

Safety report. Nothing to report.

Old Business.

Paul to research rules changes needed for 2.4Ghz use.

New Business.

Motion to have May through Sept meetings at the field if weather permits. If the weather is bad meet at the regular site. Membership aye.

50/50 Bob Ponte.

Attendance prizes Glen Basler and Cecil White.

Show and tell.

Pierre Fath brought a Yak 55 made by Electrify with a Rimfire 32 motor, E-flite 60 amp controller, spectrum 6210 receiver.
Bob Ponte brought a Top Flite Gold Edition B-25.

Website Update: The decision to transfer the Clubs Web over to the our ownership was a little more complicated than we thought. The transfer did not go well and we lost our website. Fortunately, I had a lot of it on my computer and have been able to restore it. Unfortunately we lost some of the glitz and fancy slide shows, but the actual data and information that we need will be there. I am in the process of restoring it. It will take a while but most of the important stuff is already up there. Pardon the rough look. I'll get the information up there and then worry about "pretty". If you have information that should be there or that you would like to have there, let me know. Recommendations as to format and content will be welcomed. Thanks for your patience.

John

SHOW AND TELL

Pierre with his Electrify Yak 55

Bob with his Top Flite B25
