Prez Sez

At the last meeting we had a great turnout (16 members) which at that time made a quorum of the club members and so we voted on a motion made by Pierre Faith that all members who were flying on 2.4 put their club card up on the board. It passed by a unanimous vote.

Update on the constitution and safety rules being updated. I didn't do a lot about this at this time but I assure you they will be done this year. All members who would like to be a part of this endeavor are welcome to do so. If you email John Bouchillon (jbouchil@yahoo.com) he can email you a copy of the constitution and safety rules in Word or Works and you can add in RED, items you think, should be updated.

After you've done this, email your thoughts to me (ptrendley@aol.com) and the committee and I will revise these documents and bring them up to today's standards.

As you probably know, our field is $\frac{3}{4}$'s under water. We have been invited by the Orchard Farm R/C Club and the Phantom Flyers to fly at their fields, free of charge, as long as our field is under water.

See you at the next meeting (7/14/11), and bring something to fly.

Paul (The R/C Nut)
