At the last meeting we gave out the awards we give every year. All the recipients were well deserved and it means a lot to the club that there are members in our club that give their time so graciously and does such a great job at that. Thanks again.

Also we had a great turnout at the meeting. Besides taking a part in what direction our club goes in, you also get to meet your fellow club members. Several of the new members have a lot to offer our club and we hope they participate and maybe all of us can learn a lot from them.

The members that have been coming to the monthly meetings are the ones that make a club all it can be. To the ones who have not, you're missing out. We would love to hear your ideas and if you come, bring your new plane for show and tell.

See you at the next meeting, Thursday, 7:00 PM, February 14.

Paul (The R/C Nut)

## Meeting Minutes

Meeting called to order at 7 pm 1/11/2013 by President Paul Trendley.

Roll call, 20 people present with a welcome to 2 new members – Jim Oliver & Rick Ellis. Jim flies planes and helicopters. Rick flies helicopters. We now have 30 paid members as of this date for 2013.

Treasures report was given by Bob Ponte, motion to accept the treasures report, members aye.

Field Committee report was given by Pierre Fath. He asked members who are flying during this winter season to check condition of the road and the field. Care should be taken when driving down to field and using the field if muddy conditions exist. The roof of the Pavilion needs to be shingled. Bob Ponte said that he knew someone reasonable.

Two Safety Officers were elected, Rich Ellis and Ronald Kilb.

Old business, Ronald Kilb displayed the new Saints RC Club hats. After some discussion it was agreed upon that the Club would purchase 12 hats (9 blue ones and 3 black ones) for \$100.00. They also come in red. We as members are grateful to club member Cecil White who graciously donated one dozen hats to the club.

New business, Mark Twain Hobby Center wants to invite any interested club member to call and sign up for a radio and radio control airplane set up class – RSVP. Pilot Mark Trent will be using his Futaba radio for demonstration purposes, the theory taught will be applicable to all radio's and planes. Date: Saturday, the 26<sup>th</sup> from 2 to 4:30 p.m.

A great deal of thanks was extended to Richard Jenkins and Bob Ponte and everyone that helped to make the Christmas party a success. There were attendance prizes and a good time was had by all that attended. Jerry, the club's landlord didn't make the party and a motion was accepted to give him a gift certificate to the Outback Steak House.

Show and tell, Pierre Fath brought in a ParkZone® F4U-1A Corsair. The plane's paint scheme and decals were impressive and it has really good details for a small scale war bird. Pierre demonstrated its 90 degree rotating retracts. He said it flies great and he has about twelve flights on it so far.
